LOT SIZE	+/- 360.517 acres
LOCATION	2280 Deerfield Drive in the Fort Mill community
EXISTING SITE CONDITIONS AND LAND USE	Vacant-House-Church/Planned Development District-Commercial District
COUNCIL DISTRICT	One (1) Michael Johnson

Planned Development District (PD)

This district is to encourage flexibility in the development of land in order to promote its most appropriate use; to improve the design, character and quality of new development; to facilitate the provision of streets and utilities; and to preserve the natural and scenic features of open areas. This district is intended for uses in the undeveloped areas designated on the officially adopted land use and development plan map for commercial mixed uses, and in other undeveloped areas of the county undergoing development pressure, where "planned development" is a superior response to less coordinate single-lot development as permitted elsewhere by the Zoning Ordinance. (For more detailed information, please refer to York County Zoning Code §155.206-215.)

The intent of this rezoning is to allow for the development of a high-quality planned development supporting a mixture of land uses including office, retail, mixed use, civic, recreational, and multi-family residential.

Above is a description of the requested zoning; below is a description of the existing zoning.

Urban Development District (UD)

This district is designed to permit in certain areas of the county maximum use flexibility in response to existing conditions and characteristics existing at the adoption of zoning. It also recognizes areas existing prior to zoning which have been impacted by a variety of incompatible users. Market and use flexibility mandates a need to protect existing development from the adversities of "mixed use". The objective of this district is to maximize land use flexibility and minimize land use conflicts in the process. All applicants proposing to rezone property to the UD classification will, instead be required to request a PD for the appropriate zoning class for the particular proposed use. The ability to request the rezoning of property to UD is only permitted when the request is an extension of an existing UD District. ***Permitted uses (some of which may require site plan approval) within the UD zoning district include:*** animal hospitals and veterinarian clinics; keeping or raising of animals (including equestrian stables, tracks, and fields, and kennels); churches; schools; automobile and boat service repair; broadcasting stations; car washes and detail shops; family day care homes; general farming; general business services; greenhouses and nurseries; home occupations; lodges and civic clubs; manufacturing services and uses; marinas; mini-warehouses; mining; hotels and motels; museums, art galleries, and libraries; personal service establishments; professional uses; public or private recreation establishments; recreational vehicle parks; convenience, primary, and secondary retail establishments; transportation services and facilities; warehousing, wholesale, and distribution establishments; multi-family dwellings to include apartment buildings and condominiums; expansion of existing manufactured home parks; and dwellings of no more than one per approved platted lot to include modular homes, single-family detached homes, duplexes, and townhouses. (For more detailed information, please refer to York County Zoning Code §155.191 & §155.192.)

Business Development District III General (BD-III)

This district is intended to provide for areas within the county where "large scale" commercial and business development may occur. This district is designed to support county-wide or regional shopping centers, and business complexes of greater magnitude than permitted by the BD-I and BD-II Districts. This district is designed to accommodate a wide range of business and commercial uses, generally clustered for "cumulative attraction" and optimum accessibility. ***Permitted uses (some of which may require site plan approval) within the BD-III zoning district include:*** automobile and boat service repair; broadcasting stations; car washes and detail shops; churches; commercial recreation establishments; commercial parking lots; general business services; lodges and civic clubs; marinas; mini-warehouses; motels and hotels; museums, art galleries, and libraries; personal service establishments; professional uses; recreational vehicle parks; convenience, primary, and secondary retail establishments; transportation service and facilities; and multi-family dwellings to include townhouses, apartment buildings, and condominiums. (For more detailed information, please refer to York County Zoning Code §155.161 & §155.162.)

Agricultural Conservation District (AGC)

This district is intended to protect and preserve areas under cultivation and prime agricultural soils for continued agricultural and agriculturally oriented uses and to protect the business of agriculture. These areas generally consist of the most agriculturally productive soils and their loss cannot be readily compensated. Where transition is inevitable however, certain special uses may be considered as appropriate "trade-offs" under the review and approval mechanism set forth under the Special Exception Chapter. (For more detailed information, please refer to York County Zoning Code §155.021 & §155.022.)

Planned Development District (PD)

This district is to encourage flexibility in the development of land in order to promote its most appropriate use; to improve the design, character and quality of new development; to facilitate the provision of streets and utilities; and to preserve the natural and scenic features of open areas. This district is intended for uses in the undeveloped areas designated on the officially adopted land use and development plan map for commercial mixed uses, and in other undeveloped areas of the county undergoing development pressure, where "planned development" is a superior response to less coordinate single-lot development as permitted elsewhere by the Zoning Ordinance. (For more detailed information, please refer to York County Zoning Code §155.206-215.)
