The McConnells FD is requesting a complete set of PPE for Benji Fairfax. Benji has completed the 1152 course, as well as other courses. He is also a member of the county's hazardous materials response team.

**The McConnells FD is requesting a white helmet for Assistant Chief Kevin Hayes, whose helmet is cracked.**

The Bethel FD has applied for a FEMA grant for 2009 and is requesting that the Board provide the matching funds. The grant is for \$61,950.00. The matching funds will be \$3,097.00.

The Bethel FD is requesting a set of turn out gear for Paul Robinson who is a new member and has finished 1152.

**The Fort Mill Fire Department just applied for a federal AFG (Assistance to Firefighters) grant for the purchase of 24 air packs, 24 tracking devices integrated on the air packs, a new compressor, cascade and fill station for the station and a mobile fill station for the service truck. The total request was for \$231,624. We have to match 5% which is \$11,581.20.**

**I would like to request that the Rural Fire Board consider matching ½ of that amount totaling \$5,790.60. I am asking for consideration due to the use of the service truck and air system which is used by all our mutual aid departments just as we use theirs. Further, if we are funded, we will have Scott SCBAs as do all of our auto mutual aid departments so using other dept's air packs and bottles and them using ours will no longer be an issue of interoperability.**
