**SECTION 12-43-224.** Assessment of undeveloped acreage subdivided into lots.

Notwithstanding the requirement that real property is required by law to be appraised at fair market value for ad valorem tax purposes, when undeveloped acreage is surveyed into subdivision lots and the conditional or final plat is recorded with the appropriate county official, the county assessor shall appraise each lot as an individual property and then discount his gross actual market value estimate of the developer's lot holdings under the following conditions:

1. The discount rate shall include only:

(a) typical interest rate as charged by developers within the county to purchasers of lots when the purchase is financed by the developer or, in the absence of financing by the developer, the typical interest rate charged by local savings & loan institutions for mortgages on new homes.

(b) the effective tax rate for the tax district that the lots are located in.

2. The developer has ten or more unsold lots within the homogeneous area on the December 31 tax control date.

3. The assessor shall determine a reasonable number of years for the developer to sell the platted lots, however the estimate shall not exceed seven years.

Each of these components shall be based on identifiable factors in determining "The Present Worth of Future Benefits" based on the discounting process.

Platted lots shall not come within the provisions of this section unless the owners of such real property or their agents make written application therefore on or before May 1st of the tax year in which the multiple lot ownership discounted value is claimed.

The application for the discounted value shall be made to the assessor of the county in which the real property is located, upon forms provided by the county and approved by the commission and a failure to so apply shall constitute a waiver of the discounted value for that year.

**SECTION 12-43-225.** Multiple lot discounts.

(A) For subdivision lots in a plat recorded on or after January 1, 2001, and notwithstanding the provisions of Section 12-43-224, a subdivision lot discount is allowed in the valuation of the platted lots only as provided in subsection (B) of this section, and this discounted value applies for five property tax years or until the lot is sold, or a certificate of occupancy is issued for the improvement on the lot, or the improvement is occupied, whichever of them elapses or occurs first. When the discount allowed by this section no longer applies, the lots must be individually valued as provided by law.

(B) To be eligible for a subdivision lot discount, the recorded plat must contain at least ten building lots. The owner shall apply for the discount by means of a written application to the assessor on or before May first of the year for which the discount is claimed. The value of each platted building lot is calculated:

(1) by dividing the total number of platted building lots into the value of the entire parcel as undeveloped real property; and

(2) as provided in Section 12-43-224 and the difference between the two calculations determined.

The value of a lot as determined under Section 12-43-224 is reduced as follows:

For lots in plats recorded in 2001, the value is reduced by thirty percent of the difference.

For lots in plats recorded in 2002, the value is reduced by sixty percent.

For lots in plats recorded after 2002, the value is reduced by one hundred percent of the difference.

(C) If a lot allowed the discount provided by this section is sold to the holder of a residential homebuilder's license or general contractor's license, the discount continues through the first tax year which ends twelve months from the date of sale if the purchaser files a written application for the discount with the county assessor by May first of the year for which the applicant is claiming the discount.

**I hereby apply to have the unsold lots in the subdivision indicated above granted the multiple lot discount under the authority of Section 12-43-224 or Section 12-43-225 of the Code of Laws for South Carolina. I certify that I am the developer and that all lots for which this discount is requested are wholly owned in fee and were not under a Contract Sale, Bond for Title, or other similar documents as of December 31<sup>st</sup>.**
